

# HOROSCOPES & HUMOUR

## YOUR 2004-05 ACADEMIC YEAR OUTLOOK

By Dave Tompkins

### **ARIES** (March 21 - April 19)

This year your world will be shattered when you discover an obscure paper that essentially makes most of your thesis redundant/obsolete.

### **TAURUS** (April 20 - May 20)

This year will be great if you can just get rid of that annoying Leo in your life. Seriously: your year will be totally ruined because of that Leo.

### **GEMINI** (May 21 - June 21)

I wish I could say that this year will be eventful, but it will be mostly boring, gray, and dreary. Oops... sorry, that's the *weather* forecast.

### **CANCER** (June 22 - July 22)

This year try not to freak out when you realise how young the frosh (first years) are, and that some of them were born during Expo '86.

### **LEO** (July 23 - Aug. 22)

Your Taurus friend really needs your help right now. They're going to have a rotten year unless you stick by them and give them lots of advice.

### **VIRGO** (Aug. 23 - Sep. 22)

We can sum up your entire year in just two words... are you ready? Excited? Here it goes... your two words for the year are: pulp fiction.

### **LIBRA** (Sep. 23 - Oct. 23)

Some say "what doesn't kill you makes you stronger". You may not find that funny & ironic now, but a year from now, trust me: hilarious.

### **SCORPIO** (Oct. 24 - Nov. 21)

There will be lots of sex on campus this year. We're not saying you'll be involved, or even be allowed to watch, but there will be lots of sex.

### **SAGITTARIUS** (Nov. 22 - Dec. 21)

This year you'll make a promise to attend many guest lectures and seminars: not just from your area, but across campus. You'll attend two.

### **CAPRICORN** (Dec. 22 - Jan. 19)

This year you'll become famous. You'll achieve more recognition than you thought possible. Oops. Did we say famous? We meant infamous.

### **AQUARIUS** (Jan. 20 - Feb. 18)

Fed up with the question "when will you finally graduate?" you'll go on a mass killing spree. Or, you'll just get drunk & mumble. Your call.

### **PISCES** (Feb. 19 - March 20)

The highlight of your year will be the release of the final Star Wars™ movie, but you'll be upset when they change it so Jar Jar is Luke's father.
