The David R. Cheriton School of Computer Science invites applications for ten tenure-track Assistant Professor positions, subject to budget approval. Tenured appointments at the Associate and Full Professor level are possible as circumstances warrant.

Excellent faculty members are sought who will enhance the school’s strength in Computer Science. Priority areas include:

1) Artificial Intelligence (especially Machine Learning, Natural Language Processing, and Multi-agent Systems)
2) Bioinformatics
3) Computer Security and Privacy Enhancing Technologies
4) Data Systems (especially Information Retrieval and Data Science Infrastructure)
5) Other Areas of Computer Science

All successful applicants are expected to engage actively in graduate student supervision and teaching, to contribute to the overall development of the school, and to be, or have demonstrated the potential to be, leaders in their research field.

A PhD in Computer Science, or equivalent, is required. Rank and salary will be commensurate with experience; the salary range is $120,000–$180,000 and negotiations beyond this salary range will be considered for exceptionally qualified candidates. The expected start date for these positions is July 1, 2020 though the actual start date is flexible.

How to apply
To submit an application, please register at the submission site: cs.uwaterloo.ca/faculty-recruiting.

Once registered, instructions will be provided regarding how to submit your full application.

Applications will be considered as soon as possible when received, with full consideration assured for those received by November 30, 2019.

If you have any questions regarding the position, the application process, assessment process, eligibility, or a request for accommodation during the hiring process, please contact:

Professors Anna Lubiw and Charles Clarke
David R. Cheriton School of Computer Science
University of Waterloo
Waterloo, ON, N2L 3G1, Canada
cs-recruiting@uwaterloo.ca

The University of Waterloo regards diversity as an integral part of academic excellence and is committed to employment equity and accessibility for all employees. As such, we encourage applications from women, Indigenous (First Nations, Métis, and Inuit) peoples, persons with disabilities, members of diverse gender identities, and others who may contribute to the further diversification of ideas. At Waterloo, you will have the opportunity to work across disciplines and collaborate with an international community of scholars and a diverse student body, situated in a rapidly growing community that has been termed a “hub of innovation.”

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will receive priority in the recruitment process.
