ACCELERATED MASTERS
BMath/MMath or BCS/MMath

Get a head start on your Masters degree with the fast track option by taking two graduate courses in your fourth year. All computer science and math programs are eligible.

WHO SHOULD APPLY?

Enroll in the fast track option if you have
• A flexible fourth year schedule
• Demonstrated experience as a URA
• Involvement in professional research

What is a URA?

An Undergraduate Research Assisanceship (URA) is your opportunity to conduct research with a professor.

Get more experience designing experiments and solving problems.

APPLY ONLINE
cs.uwaterloo.ca/ura

HOW TO APPLY

1. Arrange for a supervisor by contacting our faculty members
2. Choose two grad courses to take in your 4A and 4B terms
3. Prepare an outline of your proposed research

Submit the above information to the CS Graduate Studies Office: DC 2599
