My role in ReqElic *

	in all our projects	in most of our projects	in some of our projects	in none of our projects
I'm directly involved as a business or requirements analyst (BoRA)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I'm directly involved as a software engineer	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I'm supervising ReqElic as a project manager or similar role	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I'm involved in ReqElic as a representative of the client or customer	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Group vs. individual activity in ReqElic*

	in all our projects	in most of our projects	in some of our projects	in none of our projects
Requirements are identified as an individual activity, by a single BoRA, working alone	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements are identified as an individual activity, by more than one BoRA, each working separately	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Requirements are identified as a group activity	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Group activity in ReqElic as a function of size of the project*

	in all our projects	in most of our large projects	in some of our large projects	in none of our large projects
Requirements are identified as a group activity in large projects	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Group activity in ReqElic as a function of deadline of the project*

	in all our tight-deadline projects	in most of our tight-deadline projects	in some of our tight-deadline projects	in none of our tight-deadline projects
Requirements are identified as a group activity in tight-deadline projects	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Group activity in ReqElic as a function of complexity of the project*

	in all our complex projects	in most of our complex projects	in some of our complex projects	in none of our complex projects
Requirements are identified as a group activity in complex (innovative or multi-disciplinary) projects	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

The kind of ReqElic technique used in ReqElic Group activity sessions*

	in all our projects	in most of our projects	in some of our projects	in none of our projects
We use JAD in group ReqElic sessions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
We use brainstorming in group ReqElic sessions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
We use other creativity techniques in group ReqElic sessions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Size of the groups

	2 BoRAs	3 BoRAs	4 BoRAs	5 BoRAs	> 5 BoRAs
Groups usually consist of	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Size of ideal groups*

- 4 individuals
- 2 groups of 2
- 1 group of 4

Here is my explanation to my answer to the previous question, about the size of ideal groups:*
