

HAPPY BIRTHDAY!

Meet the Game Designers

While cleaning out a closet full of bad gifts, **Brian & Amy Weinstock** realized that birthday presents can reveal hilarious things about friends and family. So they made a game about it. Enjoy!

How to Play

Overview

Happy Birthday is the hilarious game where you get points for giving the best gifts **AND** for giving the worst gifts!

Set-Up

- Deal a hand of 5 Gift Cards face-down to each player.
- Pick a player to be the first Birthday Judge. The other players are the Gift Givers.

1

Each Gift Giver chooses one Gift Card to give to the Birthday Judge. Place the Gift Card face-down on the table.

2

The Birthday Judge mixes up the Gift Cards and flips them face-up one at a time (so everyone can see them).

3

After the gifts have been discussed, the Birthday Judge selects 2 gifts: the gift she likes the most and the gift she dislikes the most.

How to Play

4

The player who gave the worst gift and the player who gave the best gift put the winning cards face-up in front of them to track scoring. Each card counts as 1 point.

5

- Put the gifts that were not chosen into a discard pile.
- Everyone draws back up to 5 Gift Cards.
- The role of the Birthday Judge passes to the left.
- Start again at Step 1.

End

The first player to 5 points wins!

3 Player Rules

Each player gives 2 Gift Cards to the Birthday Judge.
This rule can also be used with 4 players.
