

Rules Corrections for Smartphone^{Inc} and Steve solo-mode

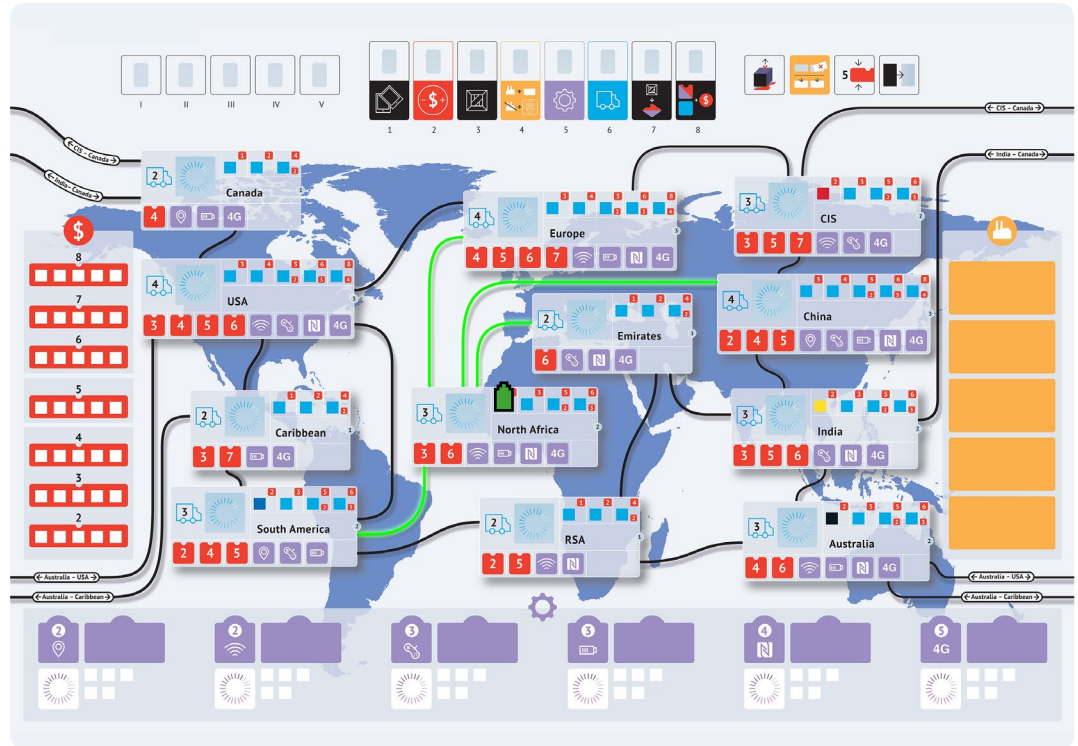

Cosmodrome games thanks you for buying our new game. Unfortunately, during rules edition one important block of rules was lost. You can find this block below.

Phase 6. Logistics

You can place  only in regions connected to regions, where you have . Regions are connected if they have a line which connect them to each other.

For example, Victor has  in North Africa only. This means, that he can expand only to: Europa, China, Emirates, and South America. During his turn, he can place  only in those regions.

This rule is also true for Steve. Only regions connected with regions, where he has , are available for him to expansion.
