WHAT'S WITH THE BLUEPRINTS AND SCHEMATICS?

I'M DESIGNING MY HALLOWEEN COSTUME... NOT AN EASY TASK

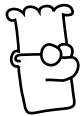

A COSTUME MUST BE CLEVER, BUT NOT TOO CLEVER OR ELSE PEOPLE WON'T GET IT.

IT MUST BE COMFORTABLE, AND YOU HAVE TO BE ABLE TO DANCE IN IT. BUT MOST IMPORTANTLY, YOU HAVE TO BE ABLE TO DRINK IN IT.

AS A GRADUATE STUDENT, THERE IS NO EXCUSE NOT TO HAVE AN AWESOME, WELL DESIGNED HALLOWEEN COSTUME.

LAZINESS IS A GOOD EXCUSE...

BAH. I DON'T BUY IT. WE'RE LAZY ABOUT THE "IMPORTANT"

THINGS IN LIFE, BUT THE USELESS SILLY THINGS THAT MAKE ABSOLUTELY NO CONTRIBUTION TO SOCIETY IS WHERE WE EXCEL.

MEH. YOU CAN'T FOOL ME... WORK IS WORK.

AT THE LAST MINUTE, I'M GOING TO POKE TWO HOLES IN A SHEET AND GO AS A GHOST.

AND -THAT- IS WHY YOU'RE A LOUSY GRAD STUDENT.

NOW IF YOU EXCUSE ME, I'VE BOOKED SOME TIME TO DO COSTUME SIMULATIONS IN THE WIND TUNNEL. GOOD DAY.
