

HOROSCOPES & HUMOUR

Dave Tompkins

ARIES (March 21 – April 19)

In some comic relief, you will slip on a banana peel, crashing into a Sagittarius, who will then stumble and loose control.

TAURUS (April 20 – May 20)

After getting hit in the head, you will have some divine inspiration, and will finally be able to build a flux capacitor for your Pisces friend.

GEMINI (May 21 – June 21)

After losing a big super bowl wager, you'll start making insane bets, including whether or not an Aquarius could die from too much potassium.

CANCER (June 22 – July 22)

On the way to a sexy rendezvous with a Virgo, you'll have egg on your face – literally – when several eggs are hurled at you for no reason.

LEO (July 23 – Aug. 22)

While looking for your lucky penny, you come across two people having sex. Who needs a lucky penny? Forget it – Capricorn can have it!

VIRGO (Aug. 23 – Sep. 22)

Steaming mad after being stood up for a date (and with a ridiculous excuse to boot) you vow to have sex with the first Scorpio you can find.

LIBRA (Sep. 23 – Oct. 23)

You will discover a time machine in a phone booth. To test it out, you'll go back in time and make a bet on the super bowl with a Gemini.

SCORPIO (Oct. 24 – Nov. 21)

You won't believe your luck when you have crazy, passionate sex with a hot stranger. However, be aware that a Leo will be watching.

SAGITTARIUS (Nov. 22 – Dec. 21)

While carrying groceries one day, someone will bump into you, causing you to fling a dozen eggs into the air – unfortunately landing on a Cancer.

CAPRICORN (Dec. 22 – Jan. 19)

While carrying a large wooden board, you will stop and turn to pick up a penny, causing your board to smack a nearby Taurus in the head.

AQUARIUS (Jan. 20 – Feb. 18)

You'll make a bet to see if you can handle an all banana diet. You'll drop your peels everywhere, hoping that a clumsy Aries will find them.

PISCES (Feb. 19 – March 20)

Just after you install your flux capacitor, terrorists will kill you for your plutonium – so a Libra will be the first to travel through time.
