

Horoscopes

By Dave Tompkins

ARIES (March 21 – April 19)

TONY: It feels as though the whole world is on your shoulders... but that's the burden you face as such an outstanding, powerful individual – and you love it.

TAURUS (April 20 – May 20)

CARMELA: It took a long time, but you're finally at a point in your life when you're ready to seize what you want and go for it: so what are you waiting for?

GEMINI (May 21 – June 21)

SILVIO: Consigliere, you are so cool. We try not to gush over here at horoscope central, but you are like the coolest man ever. Please like us. Please?

CANCER (June 22 – July 22)

PAULIE: You have so many troubles we don't know where to start – so let's start at the very beginning. You have some very serious mother issues, dude.

LEO (July 23 – Aug. 22)

JANICE: Every time something gets difficult in your life you ignore it or you run and hide – i.e.: your instinct when reading this horoscope is to ignore it.

VIRGO (Aug. 23 – Sep. 22)

JOHNNY: You need to take a Valium®. We're not kidding. Go take one. Fine. Be that way. But we're not going to finish your horoscope until you do...

LIBRA (Sep. 23 – Oct. 23)

ANTHONY: Your problem is that you were *never* as smart as you thought you were. I'd explain it to you but I'm not sure you'd understand the finer nuances.

SCORPIO (Oct. 24 – Nov. 21)

CHRISTOPHER: As heir apparent, you have your work cut out for you. Fortunately, you've eliminated all of the distractions from your life – such as a life.

SAGITTARIUS (Nov. 22 – Dec. 21)

UNCLE JUNIOR: Face it. You're old and you're not as quick or as smart as you used to be. You had your chance and you blew it. Time to step aside.

CAPRICORN (Dec. 22 – Jan. 19)

MEADOW: You have the potential to rise above everything in your life and achieve anything your heart desires. Sorry, no joke: just sincere optimism.

AQUARIUS (Jan. 20 – Feb. 18)

DR. MELFI: Everyone seems to trust you with their secrets, and you hand out tons of advice... but why can't you give *yourself* the hard advice you need?

PISCES (Feb. 19 – March 20)

ARTIE: You're fun to be around, and a great friend to many but you never step up to the plate and take a leadership role. Good thing, as you'd mess it up.
