

# HOROSCOPES & HUMOUR

Dave Tompkins

## THE "DAVE JUST BROKE UP WITH HIS GIRLFRIEND" ISSUE

### ARIES (March 21 – April 19)

You met your soulmate when you were six – but you blew your chances when you hit them over the head with your lunchbox. Way to go!

### TAURUS (April 20 – May 20)

The next time you're a jerk, sit back and try to understand why you acted the way you did, so that next time you can be an even bigger jerk.

### GEMINI (May 21 – June 21)

Soon one of your multiple personalities (the fun one) is going to take over permanently and run your life. *Hint:* You're not the fun one, moron!

### CANCER (June 22 – July 22)

Maybe love is like cancer: It eats away at your heart and soul and all that is left at the end is this big ugly tumor. Or, maybe it's like a rainbow.

### LEO (July 23 – Aug. 22)

You know the relationship isn't working, and you're fooling yourself hoping things will improve. Toss it & get a new computer already.

### VIRGO (Aug. 23 – Sep. 22)

You're not fooling anyone. It's all just an act. You don't know what the hell you're doing with your life. Don't worry -- we won't tell anyone.

### LIBRA (Sep. 23 – Oct. 23)

You will never experience true love. You *think* that you've experienced it, but you were wrong. Fortunately, you have lust and longing down pat.

### SCORPIO (Oct. 24 – Nov. 21)

At your upcoming birthday you'll finally realize everything you've been doing wrong, and how you can fix it. Then you'll pass out and forget.

### SAGITTARIUS (Nov. 22 – Dec. 21)

Why is it that everyone else seems to be smarter, happier, healthier, wealthier, and more organized than you? Here's an idea – because they are!

### CAPRICORN (Dec. 22 – Jan. 19)

Who wrote the book of Love? You don't know do you? That's because you've never read it, moron! Go to Chapters and buy the damn book.

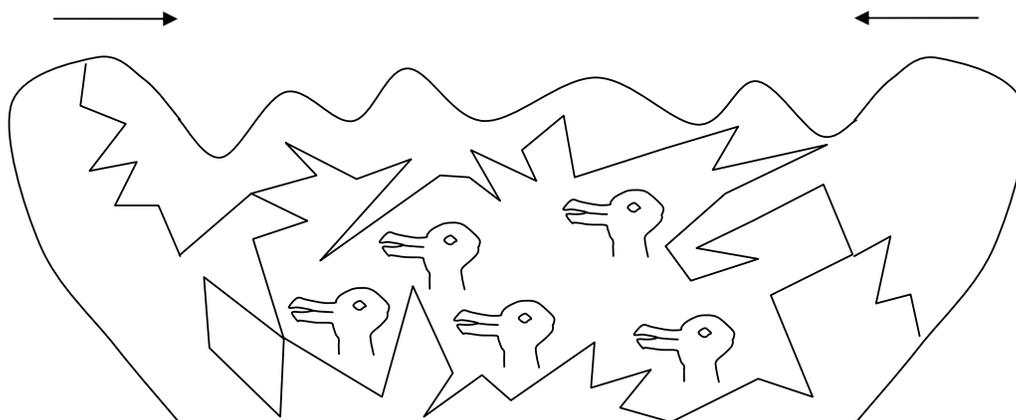

### AQUARIUS (Jan. 20 – Feb. 18)

Eventually the pain will disappear, you'll forget what it was like having it, and you'll get on with your life. Oops – did I say pain? I meant money!

### PISCES (Feb. 19 – March 20)

There are plenty of fish in the sea, right? Well that works both ways! They'll continue to catch you, measure you, and then throw you back in.

Look at this crazy illusion & you can see five special bunny rabbits & also five special Ducks

It's a Fold-In! Fold the paper so that the arrows meet and you will get a special message!
