Becoming a refugee cripples dignity and prosperity

Each refugee is unique but they all suffer loss. At its core, loss for refugees is about human rights and dignity.

Things Lost Along Path of Displacement:

- Place
- Community
- Ownership
- Learning
- Work

Across all of categories, refugees are deprived of basic rights and human dignity to exist freely and pursue opportunities for a meaningful life.

A scenic landscape with rolling hills and a river under a clear sky. The hills are covered in green and brown vegetation, and a river flows through the valley. The sky is a mix of light blue and white, suggesting a bright day.
